

Special Election Issue

Candidates For Secretary:

Drew Chestnutt

It was 31 years ago that I was born into the Community of Christ. I currently attend the Buffalo/Clarence Branch where I am an active member. I was ordained to the office of Deacon in 1998 and remain active in that role, most recently at the healing service in the Kirtland Temple. I also currently serve on the Branch Council and the Building and Maintenance Committee. It has been a wonderful experience for me to serve my church and I look forward to continuing that service through GALA.

Outside of the church, I was on the committee that coordinated the 2004 Human Rights Campaign's Annual Fundraiser Dinner in Cleveland, OH and also served as secretary of the Gay, Lesbian and Straight Alliance (GLASA) at Cleveland State University working hard to make the world a more fabulous and accepting place for all people.

I am also a computer programmer which will be useful in promoting the mission of GALA in the 21st century.

I currently live in my hometown of Buffalo, NY.

Candidates For Three-Year Member-at-Large:

Douglas Graves

After traveling for the past several years for work, I have settled in Burbank, CA. Though I will still have to travel at times for work, I will not be tied to a large project. I would like to use this time to serve my brothers and sisters in a way that many have served in the past. I hope that I could do so in a positive way.

Since becoming less nomadic, I have been able to serve as a staff member for SPECTACULAR the past two summers and attend the Burbank Congregation of Community of Christ. These have been wonderful for me and have brought me a greater appreciation of where I have been and hope for the future. I am looking forward to the journeys and blessings that GALA might bring to all people.

Charles A. (Chuck) Hewitt

GALA is an important organization and serves an important function for the GLBT community. It holds special place in my heart. My partner Mike and I met at a GALA retreat in the fall of 1999 and have been together ever since. We had our wedding the following year at Peace Chapel in Kansas City. We hope to go to California in the near future to get legally married so we may register with the Church.

I have lived and worked in the Kansas City area for the past 20 years. For the past 5 years I have been employed by a small business as an accountant and handle all of the accounting aspects of the business. I also volunteer with the local schools as a "Youth Friend", and mentor a youth, meeting once a week for lunch. This will be my 4th year with the same student.

I was brought up in the Community of Christ Church and have always been a member. I love my Church, it is my home. That is why I am very active with my congregation and serve on the pastorate in Outreach Ministries. I have participated and completed the training for Welcoming Ministries and continue to educate myself, and others, on the welcoming process. I am currently helping our congregation become a welcoming congregation. I strongly believe that Mike, and I are making a big difference in the attitudes of the Church by just attending our congregation. There is a lot to be said about the power of presence, and becoming involved in the working of the congregation. This Church is my home I love it and have no desire to attend another denomination. That is why I am trying to help the church in its growth and understanding of the GLBT community, so we may truly become a part of the Community of Christ feeling safe and free to worship our heavenly spirit .
